CASTS OF SOCIETY PRODUCTIONS NOW IN REHEARSALS

JULIA JONAH DIRECTING "A MURDER HAS BEEN ARRANGED" AND "HOLIDAY"

Rehearsals are now underway for the Societal and Zetetic annual spring plays, with practices being held on alternate nights. Julia Jonah, Director of the S. I. T. C. Little Theatre, is directing both productions. The stagecraft class of the Art Department will have charge of the sets and staging.

Socrate to Give
"A Murder Has Been Arranged"
The stage of the Shryock Auditorium will be a scene of a fascinating mystery murder on the evening of June 6 when the Societal Society presents "A Murder Has Been Arranged." Besides being a play of absorbing interest, it is blessed with that rare quality—originality. The author is able to command the imagination of his audience from the rise of the curtain and hold it spell bound until the finish.

Such gripping conversation as this surcharges the atmosphere throughout the play. "There's something about a theatre that always makes me want to make a speech. I have studied myself for years and have always been interested in my subject. . . . In my time I've dabbled my dirty finger in nearly every pie, but never this!"

"I was just turning the stairs—1 was going to turn on the lights—when I saw something—moving!"
"She's—She's there again. The woman! The woman we're waiting for! Someone's coming down stairs!"
"She's—she's coming down stairs!"

The orthodox mystery regarding the identity of the murderer is missing, for the murder is committed in full view of the audience.
"Holiday," The Zetetic Choice
"Holiday," a three-act comedy of manners, will be presented by the Zetetic Literary Society in Shryock Auditorium on the evening of June 5.

The play had a very successful run on Broadway—a few years ago and was filmed as a motion picture in 1931, with Ann Harding in the leading feminine role.

Philip Barry, the author of "Holiday," has had a varied and interesting career since his birth in Rochester, New York, in 1896. After being graduated from Yale and Harvard Universities, he went into the diplomatic service and was stationed at the American Embassy in London during 1918 and 1919.

Among the best of Barry's plays are "The Youngest" produced in 1924; "White Wings," 1925; "Holiday," 1928 and "The Animal Kingdom," 1932. All of these productions are three-act comedies. The story of "Holiday" deals with the love of an irresponsible young man and the two daughters of a wealthy New York banker. The plot develops and hinges upon the attitude of the young man toward money and its attributes. Further difficulties arise to complicate the matters.

Newman Club to Give Tea Dance May 21

The Newman club elected Rita Braun, president; Oscar Schlichter, vice-president; Wilma Hughes, secretary; and Palfy, treasurer, for the year '35-'36 at their last regular meeting of the year.

The Newman club is giving a tea-dance on Tuesday, May 21, from four to six in the Girls' Gymnasium. Music will be furnished by a student orchestra. The proceeds from this dance will be used to purchase one of the better Catholic magazines which the club plans to place in the library in the near future.

MacDonnell Club In Concert Tonight At West Frankfort

The MacDonnell club will give its first program in a city other than Carbondale in a concert sponsored by Frank Trobaugh, director of the Egyptian Choral club, at West Frankfort tonight. The MacDonnell club has appeared in neighboring CCC camps, but this is the first regularly scheduled appearance in another city.

The program will be in two parts.
MacDonnell club will sing the following numbers:
Now Let Every Tongue Adore . . . Bach
Three . . . Bach
Now Thank We All Our God . . . Cruger-Mueller
Lo, God is Here . . . C. F. Mueller
Four Leaf Clover . . . Brownell
Turn Ye to Me . . . Scotch Melody
Over the Steppes . . . Gretchaninoff-Riegler
The Story of Noah . . . Roy Harris
The Music of Life . . . Cain
The program will close with "The Morning of the Year," a song cycle by Cadman, presented by a quartet composed of Mr. and Mrs. D. S. McIntosh, Miss Bessie Bevis, and C. H. Calhoun, with Mrs. Hunt Mitchell as accompanist.

DEAN WHAM NAMED ACTING PRESIDENT AT BOARD MEETING

Dean G. D. Wham was officially named acting president of S. I. T. C. by the Normal School Board at its meeting last Wednesday at Springfield. Mr. Wham has been fulfilling the duties of the office since the death of President H. W. Shryock last month. He will continue to serve as acting head of the school until a new executive is chosen.

At the board meeting, the appointment of a committee to investigate and consider the applications for the S. I. T. C. presidency was authorized. The committee will be formed and will report to the next meeting of the Normal board. The date for the next gathering is May 27.

Dean Wham, Edward V. Miles, Jr., and J. D. Dill, member of the Normal School Board, attended the meeting from Carbondale.

At a banquet held at the Abraham Lincoln Hotel Tuesday evening preceding the regular board meeting, President R. W. Fairchild of Old Normal and President R. G. Buzzard of Charleston read papers concerning educational practices in Illinois Teachers' colleges. The papers were the concluding articles in a series given by the presidents of the five teachers' colleges in the state. The late President Shryock of Southern had read his at a previous meeting.

President Buzzard's subject was "Student Fees," while President Fairchild spoke on "Improvement in Teaching in Teachers' Colleges."

Jackson Leads All Counties in Total Of Honor Students

Jackson county leads the counties in the number of students who will receive honor letters for scholastic achievement. Williamson defeated Franklin county for a close second place. Carbondale has more than any other city.

Of the eighty-one students to receive awards as announced last week, nineteen are from Jackson county. There are several other counties represented: Jefferson, Marion, Madison, St. Clair, Union, St. Louis, De Witt, Monroe, and Randolph.
Carbondale boasts of ten of the nineteen from Jackson county. Murphysboro and Marion ranked closely for second with Murphysboro winning two. These cities are also well represented: Herrin, Harrisburg, West Frankfort, Benton, and Belleville.

1935 DEGREE LIST LARGEST IN S.I.T.C. COLLEGE HISTORY

156 TO GRADUATE FROM FOUR YEAR COURSE; JUNE 7 THE COMMENCEMENT DATE

With 156 candidates for college degrees this year, S. I. T. C. makes another step forward as a degree granting institution. The 1935 total, still tentative, is the largest degree list in S. I. T. C. history. It is more than in 1934, when only 140 degrees were granted. In 1933 116 received diplomas, while the 1932 total was 152. This larger number was due to the fact that four full quarters of school were run that year including two full summer sessions.

Approximately seventy-two-year certificates will be granted this spring, as compared with 146 last year.

Commencement exercises will be held at Shryock Auditorium Friday morning June 7. J. D. Dill, Carbondale member of the normal School Board, will be the only commencement speaker. The diplomas will be awarded following his short address.

Twelve Co-Eds To Usher
Ushers for the exercises were announced Thursday. The list includes twelve girls who have made a 4.875 average or better for the 1934-35 fall and winter terms. They are Margaret Cisne, Fay Wolf, Erna Knobloch, Elizabeth Zimmer, Thelma Jewell Patrick, Helen Dykstra, Ruth Kathryn Hawkins, Edna Fivash, Florence Kraghoff, Mary Louise Kolmer, Ruby Nance, and Winifred Mary Stone.

Chi Delta Chi Holds Sports Dance In Old Gym Friday Night

Instead of the customary spring formal, the members of the Chi Delta Chi fraternity gave a sports dance in the old gymnasium Friday night. Guests were invited and about one hundred couples were present.

The decorations carried out the sports theme in a color scheme of green and white.

Vince Genovese's orchestra, featuring Berdena Faner as vocalist, furnished the music.
Chapmans for the dance were Dr. and Mrs. T. W. Abbott, Dr. and Mrs. R. A. Scott, Robert Faner and Vincent DiGiovanna.

The dance committee consisted of Harold Green, chairman, Stan Layman, and Everett Mitchell.

PUBLIC ACCOUNTANT WILL SPEAK AT COMMERCE CLUB

Harry Curtis, a certified public accountant, will talk at the meeting of the commerce club tomorrow night. A short talk will also be made by Leon Lauder. Musical numbers will be furnished by Wendell Otay and a quartet from the Carbondale Community High School.

"Prosperity Club, In God We Trust"; Chain Letter Craze Hits Campus

Send a dime, receive a fortune!—thousands made happy every day!—Watch your dime multiply!—send prosperity to a friend and become prosperous yourself—you can't lose!

Prosperity Club chain letters are sweeping the country like a western cyclone. Students, teachers, doctors, lawyers, merchants, thieves, all send a dime—then watch the mail box.

Uncle Sam adds more mail clerks, printers put in stock of

The Egyptian wishes to apologize for the misleading headline in last week's issue concerning the number to be graduated from S. I. T. C. this year. The head read, "Tentative S. I. T. C. Graduation List Less Than In 1934." In reality, as the adjoining story emphasizes, the number of four year graduates for 1935 actually exceeds the total of last year.

Address By Shryock Before Normal Board Recently Published

The last published address of S. I. T. C.'s late president, H. W. Shryock, was distributed on the campus last week. The address was read before the Normal School Board at its Chicago meeting February 18, and the board authorized its publication.

The subject was "Ideal Attitudes and Attainments for a Teacher in the Rural Schools," and was one of a series of educational addresses given to the Board by the five Teachers College presidents of the state.

Mr. Shryock discussed the place of the Teachers College in providing progressive rural school instruction. He stressed a well balanced cultural and utilitarian curriculum for training rural school teachers. He pointed out the value of a broad learning, including at least basic knowledge of varied subjects.

Eileen McNeill Awarded A.A.U.W. Scholarship Loan

Eileen McNeill, a junior from Centralia, has been selected as the recipient of the annual scholarship loan awarded by the American Association of University Women.

The award is made to one person each year with the selection based on scholastic standing, capability, and extra-curricular activities.

Miss McNeill is the editor of the Obelisk this year as well as a reporter on the Egyptian. She is also a member of Mu Tau Pi, the honorary journalistic fraternity.

The scholarship loan amounts to fifty dollars each term for one year and has no interest charge the first year. The interest rates increase each year thereafter.

Selection of Allyn Building Head Will Likely be Delayed

Several applications have been received thus far for the position of Superintendent of the Allyn Training School, made vacant by the death of W. A. Furr. It is probable, however, that no selection will be made until the appointment of a new college president.

The training school enrollment for the summer term is being managed by Dr. Bruce W. Merwin, supervisor of student teaching. The direction of the classes in the Allyn Building is being supervised by Dilla Hall, Principal of the Junior High School.

circulans, grandpa recalls old friends in distant places; everybody sends a chain letter.

When the government said that it wanted money to circulate, the American public took it literally and sent dimes, (which would have gone to Woolworth) to Prosperity Club friends instead. Baby's dime bank is no longer safe—if brother is a Prosperity Clubber!

Remember, students, fifty million Americans can't be wrong, so—SEND A DIME! ! !

Eileen Brock Chosen 1936 Obelisk Editor By School Council

BIENNIAL WHITE ELEPHANT SALE TO BE HELD TUESDAY DURING CHAPEL PROGRAM

SUCCEEDS EILEEN MCNEILL, 1935 OBELISK PROBABLY OUT THIS WEEK-END

The biennial White Elephant sale will be held next Tuesday at chapel time. The money taken in from the sale will go into the student loan fund.

Any "White Elephants" which a student wishes to bring in for the sale will be accepted by Lucy K. Woody, C. W. E. S. students have worked all winter preparing material for the sale. There are articles sold for as low as ten cents.

This sale not only increases the student loan fund but it provides an entertaining chapel program.

SCIENCE MAJORS TO VISIT UPSTATE CHEMICAL PLANTS

A group of science majors and teachers are planning an inspection tour of chemical plants at Alton and Granite City the week-end of May 24 and 25. This is the second tour of a bi-annual series. The purpose of these trips is to enable students to see chemical plants in actual operation.

The party will leave by bus Friday morning and will visit the steel works at Granite City before noon. After having lunch at the plant, they will leave for the Alton glass plant for the afternoon. The group will spend the night in St. Louis and visit the zinc plant and possibly an oil company at Alton Saturday morning. By pre-arrangement, guides are detailed to show the group through the various buildings.

Twenty students and five instructors are planning to attend. A tentative list includes Drs. Van Lente, Neekers, Abbott, Scott, and Young, together with the following chemistry majors: Wilson, Oppenlander, Davis, Cruse, Tripp, Hetherington, Craver, Browning, Taylor, Land, Kell, Sharkey, James, Brown, Buell, and Carlton.

LAYMAN-MARTIN FORMALLY ANNOUNCE APRIL MARRIAGE

Stanley Layman of Centralia, and his wife, the former Mary Isabelle Martin of Benton, were entertained at dinner at the Chi Delta Chi house Monday evening.

Mr. and Mrs. Layman were secretly married at Mounds on April 11. They formally announced the wedding last Saturday evening.

Before coming to school here, Mrs. Martin was a student at Lindenwood. She was a pledge to Delta Sigma Epsilon sorority, and was S. I. T. C. football queen at the 1933 Homecoming celebration.

INTRAMURAL PLAQUE TO GO IN TROPHY CASE

The Intramural Plaque, bearing the names of the 1934 intramural championship teams and their rosters, was received Saturday at the athletic office. The plaque will be placed in the trophy case in the gymnasium, and future intramural winners will be inscribed on it. There will be small individual plaques for each team on the plaque.

The two teams, with their complete rosters, now on the board are the Morgan's Monkeys, last year's basketball victors, and the Hunks Dorries, 1934 winners in baseball. The Sons of Kong court squid, which won the basketball championship the past season, and the champions of the 1935 College Baseball league, will be added to the plaque soon.

The Lowe & Campbell Sporting Goods Company made the plaque.

Eileen Brock, a sophomore from Mt. Vernon, was selected as the editor of the Obelisk for 1936 by the school council at the meeting Thursday. The nomination of candidates was made by the retiring editor, Eileen McNeill.

Miss Brock has done active work on the Egyptian staff during the past two years, serving as alumni editor during 1934-35, and being the newly appointed associate editor for next year. While Miss Brock has been in charge of the alumni column, it has improved notably, and the Egyptian has received many favorable comments as to its handling. She is also a member of the honorary journalistic fraternity, Mu Tau Pi.

Miss Brock will continue for the rest of the year to discharge her duties on the Egyptian. Though her year book work will make it impossible for her to continue as Associate Editor of the Egyptian next year, she will be retained on the news staff.

Miss McNeill has announced that the 1935 Obelisk will probably be out the last part of the ninth or the first part of the tenth week.

Faculty Advisers Re-Elected
At the council meeting it was also voted to retain the present faculty sponsors for the Obelisk and the Egyptian for the coming year. Frances Barbour serves as adviser for the annual, while Esther M. Power and Dr. R. L. Beyer are the editorial advisers on the Egyptian staff. Dr. T. W. Abbott is the business adviser.

The minutes of the May 9 School Council meeting follow:

Dr. Swartz called the meeting to order. Since the candidates for editor of the Obelisk had been nominated and accepted at the last meeting, Eileen McNeill, present editor of the Obelisk, reviewed the qualifications of each.

Eileen Brock was elected editor of the Obelisk for the coming year. Dr. Neekers moved that the present sponsors of both the year book and the Egyptian be continued for next year.

The motion was seconded and carried.

The meeting adjourned.

New Members to Be Initiated Soon By Kappa Phi Kappa

On last Thursday evening the Alpha Upsilon chapter of Kappa Phi Kappa elected the following men for officers next year: president, Hoyt Lemons; vice-president, Oliver Karraker; secretary, Wendell Mathis; treasurer, Glenn Gregory; faculty sponsor, Bruce W. Merwin. There will be a special meeting at four o'clock next Thursday afternoon for the purpose of initiating new members. All members are to be present at this meeting.

On May 4 Dr. Merwin attended a state meeting of Kappa Phi Kappa, held at Bloomington, where he made a talk on the activities of our local chapter.

The Kappa Phi Kappa officers for the next year were Allen Graves, president; Charles Wile, vice-president; Hoyt Lemons, treasurer; and John A. Moore, secretary.

ANNOUNCEMENT
The president of the Zetetic Society requested the following announcement:
There seems to be current the notion that Zetetic Society meetings are closed affairs. Such is decidedly not the case. Zetetic Society welcomes anyone to its weekly meetings.

CONGRATULATIONS, SENIORS

The graduating class of Southern well deserves to be styled exemplary and progressive, as college and university Senior classes usually are. This organization, following a year's active work, recently voted and acted favorably on two projects of interest and benefit to the whole college. The projects referred to are the Alumni Association and the Shryock Memorial plaque.

In the former case, the class led in the revival of an existing, but rusty, alumni organization. A Senior committee met with a committee representing the old association and made plans for a banquet to be held commencement week this spring. At that banquet, further organization plans will be discussed, and a cohesive alumni group will probably be insured for the future.

Such a desirable and logically beneficial result will be in no little measure due to the support the Seniors gave to the move, instigated in part by the last Egyptian administration.

Honoring the late President Shryock by presenting a memorial plaque to the school, the Seniors have made their final gift to S. I. T. C. an appropriate and practical one.

In these, as well as in other matters, the 1935 S. I. T. C. Senior Class, its officers, and its sponsor, have acted wisely and efficiently. Congratulations!

QUIET!

A college library is presumably a haven for would-be seekers of knowledge and not a stadium for a series of round-table conferences. We have either been laboring under a great illusion along that score, or S. I. T. C. is composed of a group of gossip-mongers instead of students.

HEAR YE! HEAR YE!

We've heard a lot about this idea of providing the auditorium with an amplification system. And it seems to us an excellent one. The only trouble is that it still remains an idea. The Egyptian has already made known its stand through the editorial column, faculty members have recommended the system, but we do not seem to be any nearer to its realization.

Shryock Auditorium is without doubt the most beautiful building on the campus. And considering its size, the seating capacity is surprising. The auditorium is frequently in demand as a convenient place for conventions, plays, and other gatherings. However, there is one drawback. Audiences often experience difficulty in understanding even the loudest speakers. To those seated under the balcony and at the side near the front faculty members seem to be doing merely a pantomime when they make their announcements. At this time of the year outside noises also interfere, making it practically impossible for the speaker's voice to carry throughout the building under its own power.

David S. McIntosh, head of the college music department, is heartily in favor of a system of amplification and has suggested several plans along this line. He believes that if the stage fixtures are remodeled the trouble will be adequately remedied, but agrees that the installation of amplifiers is a good idea. In any case, such a system would be an invaluable addition to the auditorium.

A LITTLE AIR, PLEASE

For those who wish to keep—or regain—a slender, girlish figure, entirely devoid of surplus fat, we suggest a daily visit to the S. I. T. C. steam bath, commonly known as the auditorium balcony. Several pounds can be dropped in half an hour there—almost any time. They are open for business all day, but enjoy a morning rush about 9:30 every school day except Wednesday.

We also hear that the main floor auxiliary is about the same.

Won't all the windows open?

PENCIL SHARPENERS?

Why not have some true pencil sharpeners in the Main building? While doubtless these metal ornaments on corridor walls produce interesting patterns on one's pencils, they after all do not fulfill the true purpose of a sharpener, to sharpen pencils.

Percy Crain is going in for goat raising. . . that beats me!
Mary Goddard's boy friend made her a present of a five-foot black snake and a blue car. . . She takes them for a walk every afternoon, but the black snake isn't the athletic type and refuses to take his exercise like a good pet—Kenny, for instance.

Mary Bender's great little car-busier-along, but she has to go into a near-by tavern and get refreshment after every exhibition . . . doesn't she, Sheenie?

Edna Mae Johnson wishes someone would invent cars without steering wheels. . . they do get in the way so.

Beans Hetherington and Cecil Robinson are evidently that way now. . .

This is the last time I'll ever mention the pair, but Rita Braun and Flossie Smith are definitely on the outs. . .

Joe Stormont is at the present writing an Indian again. . . He and Jerry just can't make a go of it any more. . . He, come to think of it, has a novel idea for discouraging freshness. . . he told Jerry at a recent frolic, when they had a dance trudge, "Now, honey, if you tries to put his head down on yours while you're dancing, you raise your head real quick and hit him in the mouth!"

Deborah Bowman is self-confessedly in love with Carl James Federer, and the Russell something-or-other that she used to go with, has gone the way of all wide-benters. . .

And, speaking of the Federer family, Carl's sister Jess was spilt all over the dance floor at the Sigma, Sigma, and Sigma Alumni struggle, while dancing with Henry Hitt. . . Henry and Eddie Mitchell were just like a couple of kids turned loose at a county fair at the same said dance. . . my, my, the fun they did have. . . Eddie is also, I hear, an acrobat with human fly tendencies.

Dr. Richard L. Beyer, who, as some of you may remember is connected with the History department here, said that giving an early morning lecture always reminded him of the nurse that woke up her patients to give them sleeping powders.

Ruthie Nast, the dear thing, calls herself the "Freeburg Angel." Bob "Shadow" Courtney was on the gravy wagon for a few days last week, but he didn't stay. What it takes, for he didn't stay. Courtney is the boy, you know, that was mistaken by the McKendree boys for our famous miler. . . And he's the same fellow who told at home that he was getting mud facials every week. . . remember him?

Polly Fisher and Forrest Johnson are being seen together plumb often these days. . .

Katie Burkhardt has gone native. . . but since they started they are seldom seen together, what the heck?

Denzil "Diz" Osburn has at last found some one that will go with him and has had a few dates with Gracie Bossett. . .

Marie Klein, too, has found someone who will go with her, none other than Keith Wentworth, the Demon Drummer. . .

UNIVERSITY HIGH SCHOOL FRESHMEN TO PRESENT THE PLAY "THE RED LAMP"

The play "The Red Lamp" will be given by the Freshman high school class sometime during the early part of May in the Socratic hall. Admission will be free.

This play was chosen by the director, Henry Hitt, of the S. I. T. C. Little Theatre, and Miss Louise Bach, Junior high school English supervisor. The cast of characters includes the following:

S. I. T. C. Athletic Department to Give Baseball Film

"Play Ball", a three reel baseball film, will be featured on a movie program sponsored by the S. I. T. C. athletic department at the Gem Theatre at 10 o'clock Saturday morning. Admission is free to everyone. Also on the bill are "Magic Vs. Science", a two reel film, and a short sketch entitled "Walter Damosch."

The baseball picture, released through its producers, the American Baseball League and the Fisher Body Division of General Motors Corporation, has been called by Judge Kenesaw Mountain Landis, Commissioner of baseball, an "animated textbook of baseball." It is distributed to arouse baseball interest and to entertain and instruct baseball followers and participants.

Featured in the movie are many American League stars, including Jimmy Fox, Jackie Hayes, Mickey Combs, Lynwood Rowe, Wesley Ferrell, Al Simmons, and Earl Averill.

The World Champion St. Louis Cardinals will also appear in the film, which is announced and explained by Ted Husing, famous Columbia Broadcasting System sports commentator.

The advisory staff of the picture, advertised as the first motion picture to record the science of the game, was composed of such authorities as H. G. Salsinger, sports editor of the Detroit News, Eddie Collins, vice president of the Boston Red Sox, William Harbridge, president of the American League, and Rogers Hornsby, manager of the St. Louis Browns.

The "Magic vs. Science" picture displays tricks and scientific phenomena from the World Fair House of Science. In the Damosch film, the well known musical educator will illustrate dominant chords in piano technique. The program is made possible through the courtesy of Roscoe Jarrett, manager of the Gem Theatre.

WITH THE GREEKS

DELTA SIGMA EPSILON

The Delta Sigma Epsilon spring formal will be given Friday night in the old gymnasium. Vernon Peak's orchestra will play.

Mary Eleanor Wright and Frances Phillips will spend the week-end in Chicago visiting friends.

Virginia Ragsdale shopped in St. Louis Saturday.

Kate Beendich spent the week-end at her home in St. Louis.

SIGMA SIGMA SIGMA

Mary I. Campbell and Mary Lawrence were recently chosen to represent the Tri Sigma sorority in the Panhellenic Association. Other officers who have been elected are: sentinel, Mary Louise Austin; triangle correspondent, Kathryn Rush; social service chairman, Elizabeth Merwin; scrap book editor, Frances Middough; director chairman, Edna Mae Johnson. Virgie Lindsey, an alumnae, visited at the chapter house last week-end.

KAPPA DELTA ALPHA

Dr. C. H. Cramer spoke to the members of the Kappa Delta Alpha Fraternity last Wednesday night on the subject of the munitions investigations in the United States and Great Britain. A general discussion followed the talk. Dr. Cramer was a dinner guest of the house.

Kelton George, of Cypress, has dropped out of school for the rest of this term. He has been living at the chapter house.

Alice, Parolee McClelland; Anna, Vernelle Crawshaw; Matilda, Ruby Hall; Archie Clark, Gene Crawshaw; Harold, Charles Ebertson; Bill, DeMar Barnes. The students who are not acting in the play are helping with its staging.

REFLECTIONS

BY F. S.

ODE ON MOTHER'S DAY

Poor Marthy Mullins
Sat alone,
Alone in her rocking
Chair,
She had no cupboard
To search for
A bone,
And if she had,
It would have been
Bare!

Marthy's life was
Weebegone,
As weebegone as
Could be,
For Marthy was so
Weak and
Deaf,
And blind as a bat
Was she!

'Twas Mama's Day,
And all through
Her hut,
Not a creature
Was stirring,
Not even
A mutt!

And poor Marthy's
Urchins were
Far, far away,
None would be
Near her
On Mama's
Day.

But Marthy just
Shook her withered
Old frame,
Her canary said later
That he'd
Heard her
Exclaim:
"Kuts to you, my
Children,
And you shall hear,
Of the noon-day
Decision of
Your Mammy dear!
For I know
All you want
Is the
Cash in my
Sack,
And you'll never,
You'll never
Get that,
By Crock!"

Then old Marthy Mullins
Just laughed till
She bent,
'Cause she knew
For a chain-letter,
She'd spent
Her last
Cent!

So now my dear
Readers,
Take this moral
And pay
Your Mammas
A visit on
Mater's Day!

Important Zetetic Business Meeting to Be Held Tonight

At the meeting of the Zetetic society tonight Eileen McNeill, editor of the 1935 Obelisk, will give a book review, and Berdena Faner will sing a vocal solo. Since this will be the most important business meeting of the year, all members of the society are urged to be present.

Last Thursday Robert D. Faner gave an excellent talk on "Unintelligibility in Contemporary American Literature." In his speech he discussed the senseless and impractical trends toward free verse, grammar, and punctuation as exemplified by Walt Whitman, Gertrude Stein, James Joyce, and E. E. Cummings.

Louise Waddell and Jean Rose Felts conducted the program with a piano duct.

Socrats Will Give Postponed Play

The program to be presented tonight before Socratic Society consists of a one-act play, "The Quiet Family", directed by Mussette Cary; a reading by Alice Anderson; and a talk by Bernadine Christner.

This program was to be presented last week but the society did not meet.

DINE AND DANCE

Maroons Capture State Teachers Crown

OLD NORMAL AND SURPRISE
DEKALB TEAM GIVE S.I.T.C.
CLOSE BATTLE TO FINISH

Southern's track and field team, by the narrow margin of one and one sixth points, won the eighth annual State Teachers College meet at Old Normal Saturday. It was the most exciting meet in the history of this classic. S. I. T. C. amassed 56 2-3 points. Old Normal was second with 55 1-2, and DeKalb third with 54 1-2. Macomb and Charleston trailed.

Eugene Payton, flashy colored Southern star, was the high point man with fifteen points, the most that has ever been scored in this meet. Payton won three seconds and a third.

By virtue of this win the Maroon and White thincalls made it the sixth time the championship has been brought back to S. I. T. C. by a Lingle-coached team.

The meet, which many expected to be only a dual meet between Old Normal and Southern, saw a dark horse come to the front and almost win. DeKalb, which never won the Teachers College meet, started off strong, and before the last three events, was leading by a slim margin.

The Southern tracksters garnered only three firsts, but with numerous seconds, thirds, fourths, and fifths, ran up enough points to win.

Bragles Play Large Part in Meet
Both Normal and DeKalb had tough breaks that might have meant victory for either outfit. Normal lost five points when Barton, colored high hurdling star, won the high barriers, but was disqualified because he knocked down three hurdles. DeKalb should have done better in the century, but Trakas, who had run the race in 10:1 in the morning, got off to a poor start in the finals, and finished fourth.

Southern also lost somewhere in the neighborhood of ten points because Fuzz Hill, star dashman and broad jumper, was unable to do anything on the preliminaries, due to a pulled muscle in his right leg. Coach Lingle had expected Hill to win the broad jump and place well up in the dashes.

Carl Hein, of DeKalb, winner of the 440 and 880 yard dashes, was awarded the individual trophy because of his double victory and his running anchor man on DeKalb's winning relay team. Last year, Harry Bauder, Southern weight man, won this award.

The time of all the races was poor because of the loose cinders

(Continued on Page 4)

KAPPA DELTS AND MONKEYS RETAIN PERFECT RECORD

PURPLE RAIDERS BOWL OVER TIGERS; CHI DELTS LOSE EASILY TO MONKEYS

In a hard fought game in the college football league last Thursday the Kappa Delts defeated the Ramblers, 9-7, thereby remaining in a three way tie with the Monkeys and Swatters for first place. The Monkeys easily maintained their perfect average by virtue of a 19-0 win over the Chi Delts.

The Kappa Delts started the game inauspiciously with three up and three down, following which the Ramblers came through with three runs. Then in their half of the second the fraternity team broke into the lead with four tallies. The Ramblers evened up the score with a run by Knecht in the last half of the second but were shut out in the third while the first men brought in two. Both teams scored in the fourth and the sixth but the fraternity team held their two run lead to win. Three home runs featured the game. Bramlet, Rambler catcher, and the K. D. A. starting battery mates, McCloskey and C. Broadway, poked out the circuit clouts. All the homers were over the left field fence.

The Monkey-Chi Delt game, bringing together two of the heretofore undefeated teams, showed a decided superiority for the Monkeys, who turned the game into a slugfest with nineteen men hitting in the first half of the first inning. Fourteen runs were driven in on seven hits. The Monkeys were finally stopped by Jim Gray, the third fraternity pitcher of the inning. The Monkeys continued in their slugfests throughout the remaining three innings to roll up a grand total of nineteen runs in four innings. Arbeliter, pitching for the Monkeys, kept up his record as one of the league's leading pitchers by allowing only two hits while increasing his strikeout total by nine.

The only other game played last week, between the Etherton Tigers and the Purple Raiders, resulted in a 15-7 win for the Raiders. The Raiders, with a record of two wins and one loss, showed from the first their superiority over the Tigers, who have not won a game. Pruett, pitching for the winning team, allowed eight hits for seven runs, while his teammates knocked out ten hits, one a homer by Leming. Pax and Jones hurried for the losers.

Sports Slants

In the Teachers College meet Saturday only one inch separated the first three broad jumpers. Crisp had a mark of 22 feet, 1 inch; while Nori of DeKalb had 22 feet, 1-4 inch and Payton 22 feet even.

Peters, DeKalb javelin thrower and first place winner at Normal, is only a small fellow weighing around 150 pounds. Peters tossed the spear 185 feet, 11 inches, and when asked as to how he did it, Peters remarked nonchalantly that "good form was all one needed."

Hill would surely have won the broad jump if past records mean anything. The winning distance was 22 feet, 1 inch, while Fuzzy has leaped 22 feet, 6 inches, more than once.

Fuzzy will probably be out of competition for sometime as such an injury may or may not heal rapidly.

Along the Baselines:

Big Charlie Broadway of the K. D. A. team really made an auspicious debut in league play. Against the Ramblers in his first game last week he connected for three out of four, one of his wallpops being a long circuit clout over the left field fence.

Track Personalities

WILMER PIPER

Wilmer Piper, a diminutive junior from Oakdale, has scored 36 3-4 points already this year. Competing in the mile and two mile events, he has run in six meets, his latest achievement being second in the State Teachers College meet at Bloomington.

Coming to Southern from Nashville High, where he had one year of competition, he has run three years here. High point man in the distance events this year, he is a consistent winner and a decided asset to the Southern track squad.

LEAGUE LEADERS CLASH IN WEEKS BASEBALL GAMES

Strong tests will come up this week for the league-leading Monkeys, who meet the strong Hunkies, with the undefeated Flashers scheduled for an exacting contest.

The Kappa Delts will meet the Raiders in a feature game, while the Swatters will play the Meddlers and the Tigers will face the Ramblers.

The Kappa Delts should win their contest by virtue of their better than average hitting and the pitching of Gene Hall and Bob McCloskey. The leading sluggers of the team are Bertoni and Charles Broadway.

The Raiders have been steadily improving and should give the Kappa Delts strong competition. Loy and Leming are dangerous hitters, while Pruett takes care of the hurling.

The Monkeys have crushed all competition under a barrage of base hitting led by Young, Shaffer, and Morgan. Arbeliter has held all opposition to level and scattered hits.

The Hunkies Dorries will be almost entirely dependent upon the pitching of Edwards and Fulton if they are to win, for the team's hitting is weak.

The Swatters should rule favorites to smother the Meddlers, because of their tremendous hitting and good pitching. Bartimus has been very effective on the mound, while Shaver, Gaddey, Best, and Bartimus are all among the sluggers of the league. The Meddlers are paced in both hitting and pitching by Hinkley.

The Tigers and Ramblers will be fighting it out for a higher berth with neither team having a chance to win the loop championship.

FAVREAU GAINS BERTH IN STATE TENNIS TOURNAMENT

IS ONLY S. I. T. C. QUALIFIER IN STATE MEET; OTHERS LOSE CLOSE MATCHES

In the District Tennis Tournament held at Illinois College, Jacksonville, last Saturday, the S. I. T. C. racket squad qualified only one contestant, Ronald "Tony" Favreau, for the state meet scheduled at Bradley Tech, Peoria, Saturday, May 18. Favreau, freshman no. 2 man, defeated Jacksonville's no. 1 ranking player, Moriarty, by the close score, 8-6, 6-4, accounting for the Maroons only victory. He will represent Southern at the state meet Saturday.

Of the colleges eligible to compete in the district Carbondale and Jacksonville were the sole entries. Coach C. D. Tenney and players Hall, Syfert, England, and Favreau made the trip to Jacksonville.

Morrison, Englehardt, Carbondale's no. 1 ranking player dropped a match to Chenoweth, 0-6, 6-3, 6-0. As is indicated by the unorthodox score, Englehardt missed his stride after the first set and failed to make an adequate recovery. This can be partially attributed to the tiring 6-2, 12-10 doubles match that he played previous to his singles engagement. England and Hall lost the long doubles battle to the Clarke-Mitchell combination.

Favreau-Syfert Team Nearly Wins
In the other doubles contest Favreau and Syfert, Maroon masters, dropped a 3-6, 8-6, 6-4 verdict to the Moriarty-Byer pairing. However, the Carbondale team succeeded in gaining match point before the end of the match, revealing that the two teams were practically of equal playing ability, as was the case in all four engagements.

Through losing three of the four matches, the S. I. T. C. men in every case put up a hard fight, giving the Stratton-coached men no easy victories. In several instances the results depended upon the winning or losing of a single point. The defeat in its entirety is not as decisive as the match score indicates.

Yesterday five men, Spear, Fulkerson, Syfert, Lucas, and Heinemann, invaded the McKendree territory. Coach C. D. Tenney's first two netmen, England and Favreau, did not make the trip. They were kept home to compete in a series of practice matches, preparatory to Favreau's entrance into the state meet.

Last year S. I. T. C. qualified both a singles and doubles entry for the state tournament.

COLLEGE BASEBALL LEAGUE SCHEDULE

Wednesday: Old Field, Tigers vs. Ramblers;
New Field, Swatters vs. Meddlers.
Thursday: Old Field, Kappa Delta Alpha vs. Raiders;
New Field, Hunkies Dory vs. Monkeys.

330 yard Run—Hein (D); Wheelley (M); Parsons (S); Cummins (C); Forbes (N). Time 2 min. 4.5 sec.
High Jump—Tie for first between Walker (M), Morgan (M), Henderson (C), Holmes (C); Tie for fifth between Reeves (S) and Hanes (N). Height 5 ft. 9 in.
Broad Jump—Crisp (S); Nori (D); Payton (S); Gorens (N); Walker (M). Distance 22 ft. 1 in.
Relay—DeKalb; Normal; Southern.

TEN YEARS AGO
AT S. I. T. C.
The Collegiate Press Association decided to meet at Carbondale in 1926.
The Egyptian won second place in the Illinois College Press Association editorial contest.
Pearl White acted as toastmistress at the Illinois banquet at which F. G. Warren, the faculty advisor, gave a talk on "How to Manage Husbands."
The Epworth League went on record as having "a snappy time" on a hay ride to Midway park.

Boner Gives Talk to Y.W.C.A. Group On Cosmetic Racket
"Skin Deep", an expose of the cosmetics racket, was the subject of an informative talk by Zella Boner last week at Y. W. C. A. Basing her material on the books published during the past year and the investigations carried on by the Consumers Research, Miss Boner told of the harmful products which appear under popular captions on the market today. These brands are endorsed and advertised in supposedly reputable magazines, which nevertheless does not improve their quality.
Two weeks ago Callie Walden discussed the content and form of poetry. She read several poems illustrating her points, after which Martha Anne Baysinger gave Kipling's "Road to Mandalay."

Five Minor Letters Given Gym Team; McCall Re-elected
Following the close of the biggest year in S. I. T. C. gymnastics, five members of the variety gym team will receive minor letter awards, Coach Vincent DiGiovanna announced. This is the first year that gymnastics have been recognized as a varsity sport at Southern.
The members to receive letters are Captain Robert McCall, Don Evans, Wilbur Ragland, Robert Jacobs, and Melvin Walden. Honorary letters will go to Clyde Maddock, comedian, and Wendell Otter, accompanist. The letters will be the regular I, with a gymnastic emblem. Conditions governing the awards state the letters are for "outstanding ability as performer in one or more event, regular attendance at practice, and participation in a majority of exhibitions."
Robert McCall was re-elected captain by vote of the team members. Only two of the lettermen will be lost by graduation from the 1934-35 squad. Next season is expected to be even better than the one just closing, with a large number of squad members slated to return and with interest in gymnastics higher at S. I. T. C. than ever before.
Coach DiGiovanna said concerning the gym team, "I've enjoyed working with the boys more than any other group I've ever had. Not only because of their ability, but because they are such a fine group of boys. This is the best team I've ever had, everything considered."
Speaking of future prospects, Coach DiGiovanna went on to say "With so many men back, we have the nucleus of a strong team for next year. I was particularly pleased with the work of the freshmen the past season."
Recently the team gave a thrilling and expert exhibition in chapel, and they had entertained at varsity basketball games and had given several exhibitions at neighboring towns throughout the year.
